Galerie Bessières is organizing an exceptional exhibition on the Ile des Impressionnistes to support the Lebanese art scene.  
It will have the pleasure to welcome to this event :

**Saleh Barakat Gallery**  
**Tanit Gallery**  
**Cheriff Tabet Gallery**  
**Studio Nada Debs**

«The prospect of participating in MENART FAIR and in highlighting, among other things, the contemporary Lebanese artistic creation is honouring us. We know the value of the artists who will be exhibited there and their contribution to bringing 20th century Lebanese art into the modern world.

So we thought we would extend the party by showing our hospitality and inviting the Lebanese galleries who came to MENART FAIR to continue the show at the Galerie Bessières, on the Ile des Impressionnistes in Chatou.

As an announced rebound, **«an after MENART FAIR»**, we invite our friends, collectors and art lovers to a Sunday Fair for an opening on the banks of the Seine, in the gallery's gardens.

The opportunity to taste the pleasure of the 'French Art de Vivre' immortalized by the famous 'Déjeuner des Canotiers' of Renoir on the 'Ile des Impressionnistes'...»
